

Join Arapahoe County's Open Spaces Department and help preserve natural areas, enhance neighborhood and regional parks and build and maintain trails for the citizens of Arapahoe County.

We are seeking an experienced Senior Open Spaces Maintenance Technician to technically lead other maintenance technicians in the maintenance and repair of Arapahoe County parks, turf management, and associated irrigation equipment and facilities.

This critical position will provide direction to the regular full-time maintenance staff, seasonal employees, volunteers and community service workers and will be responsible for the coordination of various maintenance programs as assigned

If you are a hard worker with a specialty in park and grounds irrigation systems and maintenance and your dream is to work outside enhancing the environment for the citizens of Arapahoe County, we are looking for you!
